Instructor	Text Responses
	Question: Effectiveness
	The comments and communication from the instructor were the most helpful. The sample campaign plan that was provided was also great to provide expectations.
	Question: Course changes
	The course is great, but the workload is way too much. I have been to graduate school, and this course is more work than when I was actually in graduate school. There was a lot of reading, much of which is repetitive. This should be consolidated to make the reading more realistic. Additionally, some of the readings are a bit out of date. The assignments are also long, but thorough.
	Question: Additional comments
	The instructor is very helpful and communicative. He not only provides quality feedback on the assignments but e-mails you and offers to review anything with you.
	Question: Suggest specific changes that the faculty member could make to improve the course, and comment on positive aspects that should be continued
Taylor	The instructor is very helpful and communicative. He not only provides quality feedback on the assignments but e-mails you and offers to review anything with you.
